ABOUT

Front-End Developer | UI/UX Designer | Content Writer

Passionate and results-driven Front-End Developer, UI/UX Designer, and Content Writer with hands-on experience designing and developing responsive, user-centered digital experiences. Skilled in HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, and modern web development practices, with a strong focus on performance, accessibility, and intuitive user interfaces.

Experienced in translating ideas into visually appealing and functional web solutions that enhance user engagement and business growth. Proficient in UI/UX design, wireframing, prototyping, and creating seamless user journeys using industry-standard design tools. As a content writer, adept at producing clear, engaging, and SEO-friendly content that strengthens brand visibility and effectively communicates complex concepts.

A collaborative problem-solver with a keen eye for detail, committed to continuous learning, innovation, and delivering high-quality digital products that align with user needs and organizational goals.

WORK

Front-End Developer

Alluvium

May 2023 - Oct 2024, Remote, Nigeria

Spearheaded the development of a responsive business dashboard, enhancing user experience and integrating real-time data visualization.

- Led the end-to-end development of a critical business dashboard using React.js and Tailwind CSS, significantly improving overall user experience and data accessibility.
- Achieved a 35% reduction in page load times and optimized performance through strategic image compression and advanced code-splitting techniques.
- Collaborated effectively with UI/UX designers, translating complex Figma prototypes into high-fidelity, functional web interfaces.
- Drove a 25% increase in organic search traffic by implementing comprehensive SEO best practices and optimizing web content.
- Engineered robust RESTful API integrations to enable real-time analytics and dynamic data visualization capabilities within the dashboard.

Freelance Front-End Developer

Freelance Front-End Developer

Jan 2021 - Dec 2023, Remote, Nigeria

Delivered comprehensive front-end solutions for startups, encompassing custom website development, performance optimization, and API integration.

- Developed and launched multiple custom business websites for diverse startups, guaranteeing 100% mobile responsiveness and cross-device compatibility.
- Designed and implemented high-impact landing pages, successfully improving client conversion rates by an average of 30%.
- Integrated various third-party APIs to enable dynamic, real-time data updates and enhance website functionality.
- Managed ongoing website maintenance, including proactive bug resolution and continuous performance enhancements to ensure optimal operation.

Front-End Developer Intern

CodeSphere Technologies

Aug 2022 - Apr 2023, Remote, Nigeria

Contributed to the development of a responsive e-commerce platform, focusing on performance optimization and user engagement.

- Assisted in the full-stack development of a responsive e-commerce website, integrating React.js for the front-end and Firebase for robust authentication.
- Refactored and optimized legacy JavaScript codebase, resulting in a 20% improvement in application performance and reduced load times.
- Resolved critical cross-browser compatibility issues across major browsers (Chrome, Firefox, Safari, Edge), ensuring a consistent and seamless user experience.
- Identified and rectified UI inconsistencies, directly contributing to a measurable 15% increase in overall user engagement and satisfaction.

PROJECTS

E-Commerce Platform

Jan 2021 - Dec 2023

Built a comprehensive shopping platform demonstrating full-stack capabilities.

Portfolio Website

Jan 2021 - Dec 2023

Created a responsive and modern personal portfolio to showcase development skills and projects.

SaaS Dashboard UI

Jan 2021 - Dec 2023

Developed an interactive administrative panel with advanced data visualization features.

Weather App

Jan 2021 - Dec 2023

Implemented a real-time weather tracking application using JavaScript.

EDUCATION

Chemistry

University of Ibadan • Bachelor of Science - Ibadan, Oyo State, Nigeria • Sep 2021 - Jun 2025
